

Priyadarshini College of Engineering, Nagpur
Department of Electronics Engineering
Session 2014-15

Date :- 13/01/2015

Notice

All the students of Electronics Engineering department are hereby informed that the department is organizing a guest lecture for VI semester students by Mr. Prassana Khare from Syntel to make students aware of Industry Environment under the Exess Forum on Jan 17 2015.

Ms.S.G.Mungale
(Exess-Incharge)

Mrs.A.P.Rathkantiwar
HOD EN ENGG.

Event:- Awareness of Industry Environment (17th Jan 2015)

Department Organized:- Electronics Engineering

Participated By: Faculties and students of Electronics Engineering

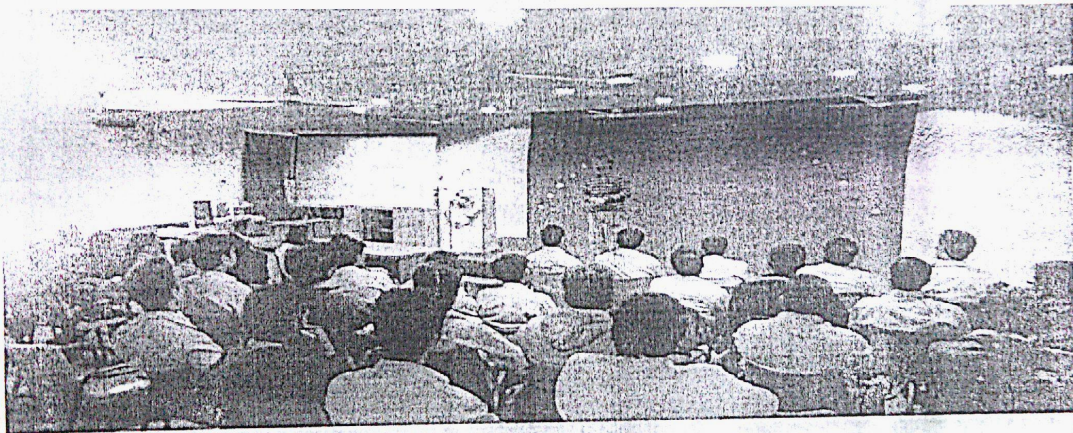

Venue:- Rajiv Gandhi complex, IT building, Seminar Hall.

Purpose:- To make students aware of the latest trends and technological advancements in the industry and the preparation required for campus interview.

No.of Students present:-54

Resource Persons : Mr.Prassana Khare,(Syntel),Pune.

Remark: Many students like to come back to their college that has been a very important part of their memory. They like to give back to their college by giving their valuable time. They feel obliged to the institute that opened new avenues of jobs for them by building them academically strong. Most of the Alma Mater love to interact with the students of the college. This gives a chance for the students to know something about the industry. This kind of career guidance is very helpful for those who do not have industry exposure. They come to know about the latest trends and technological advancements in the industry. They also know about the opportunities available in the market and can guide young engineers to select a good field and career for themselves.

Conclusion: 1) Alumni help in strengthening the bond between the students who pass out from the college every year. They also help the budding engineers to know the hurdles, face challenges and share knowledge.

2) These kind of Interactive sessions is useful for understanding their professional and ethical responsibilities.
